

HANDS ACROSS THE WATER

# THAILAND BIKE RIDE 3 - 8 DECEMBER

**FOR YOUNG PEOPLE BY YOUNG PEOPLE,** the Young Hands Ride is a fantastic and safe opportunity for you to travel overseas, meet like-minded people and contribute to an inspiring cause. Cycle through remote villages and majestic landscapes while interacting with the beautiful Thai people along the way. Become one of the select few who experience this country in such a unique and authentic way. The highlight of the trip will be riding into PAMA House on the final day where you will be welcomed by the very children that you have worked so hard to support. You'll experience first-hand the love and the appreciation for everything you have done.
